

Investing for Success

Snapshot report

Under the Investing for Success Agreement for 2016 Newtown State School received

\$255 856

Our full 2016 agreement can be found at: <https://newtownss.eq.edu.au>

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Building teacher and teacher aide capability in embedding CAFE Model of Reading Assessment and Instructions and Words Study through regular coaching conversations and participating in participation in Professional Learning Communities
- Building teacher capability in analysing student performance data to develop differentiated programs to improve individual student outcomes.
- Enhancing adult skills in educational leadership and coaching and feedback within the birth to 8 sector through partnerships with parents, community organisations, early years educators (in ECEC centres and the school) and other stakeholders in the Newtown State School community.
