

# Newtown State School

## Student Dress Code

There is overwhelming approval from this school community for the retention of a school uniform and the establishment of a student dress standard. In view of this, we do request that if possible, all children be outfitted in the school uniform, since we believe it contributes to the good tone of the school and also gives the children a sense of pride and identity.

Some items of the school uniform are available through the school uniform shop and second hand uniforms will be sold as they become available. Please ask at the Uniform Shop or school office for current price list.

The Newtown State School uniform for boys and girls is available from our Uniform Shop. Uniforms are only available from our Uniform Shop and can not be purchased anywhere else.

### **Newtown State School Student Dress Standard**

1. Newtown State School has an approved school uniform and **all children** are requested to wear it.
2. Clothing with offensive logos or lettering or immodest styles of dress must not be worn to school.
3. Personal jewellery items such as watches, signet rings and sleepers or studs in ears are allowable but any dangling forms of jewellery are not since they pose a serious risk of injury. Necklaces worn solely for adornment are not allowed.
4. The Physical Education teacher has the responsibility for advising children either individually or as groups concerning particular dress requirements or personal grooming necessary for physical activities. Parents and children are expected to conform to these requests.
5. The Principal will advise parents and children on any dress requirements for special events eg. school photographs, sporting events or excursions. Children and parents are requested to conform to the dress standard required on these occasions.
6. As part of our 'sun safe' requirements all children are required to wear a broad brimmed hat or bucket hat at our school. It is expected that the hat is maroon in colour. No caps of any description are allowed. Any child with incorrect headwear will not be permitted to play. (Hats are available at the uniform shop.)

All decisions relating to the 'Student Dress Code' are at the discretion of the principal and all significant changes will be considered with thorough consultation with staff and our Parents and Citizens Association.
